On February 8, 2005 the above named defendant pled guilty to Burglary in the 3rd degree. The defendant was ROR'd to EAC-LINK on February, 2005 for placement in Samaritan Village residential treatment program. On June 9, 2005 the defendant absconded from Samaritan Village. On June 13, 2005 the court determined that the defendant would be permitted to remain at his mother's residence and report to EAC-LINK regularly until such time that the defendant could be placed in a new treatment program. During such time the defendant was attending Bridge Back to Life outpatient treatment program. On August 24, 2005 case manager Sean Ryan was contacted by the client who admitted to relapsing on cocaine. Do to this the defendant was placed in St. John's Detox and targeted for Seafield Rehab. The client entered into St. John's Detox but left against request of EAC-LINK and did not make intake at Seafield Rehab. The defendant has not contact EAC-LINK and his whereabouts are unknown. The defendant has violated the conditions of his plea and release into the community by refusing to adhere to the mandated treatment plan put forth by EAC-LINK.
